PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 21th September 1949

It is hereby notified for the information of those interested that the Ministry of Food, Government of India, have removed gulabi and kabuli varieties of gram from the basic plan for gram and have permitted merchants to handle these varieties of gram on private account.

Import of these varieties of gram into the State will be regulated as per conditions laid down in Notification No. S. D. 4236-C1. 48-30, dated 30th November 1948 and subject to the obtaining of an Import Permit from the Director of Food Supplies in Mysore, Bangalore as per Import of Foodgrains Control Order, 1949.

(P. N. No. 102—dated 21th—9—1949—12401-12500.)

Press Note.

Dated 25th September 1949.

With reference to certain news reports published recently in the press in the matter of the existence of differences of opinion on the management of the Melkote Temple, the following facts are published for general information.

For some months now, a section of the staff of the temple was urging for an enhanced grant to the temple, with revised scales of pay to the temple establishment and agitating for the constitution of a Committee of Management with autonomous powers over the administration of the temple, subject only to the general supervision and control of Government, in place of the Committee of Dharmadarsis. Proposals for the revision of scales of income and expenditure are under scrutiny of the local officers. As regards the suggested appointment of a Committee of Management, the matter has been under the careful examination of Government, as the suggestion involves a radical change in existing practice regarding the administration of affairs of muzrai institutions in the State. Two members of the staff, however, precipitated matters by starting satyagraha and commenced a fast from the morning of the 16th September 1949 demanding an immediate constitution of a Committee of Management for the Temple.

The Deputy Commissioner, Mandya and the local officers met these two gentlemen and enquired them and the other members of the temple staff, as well as the local devotees. The Deputy Commissioner explained the measures that had been taken to effect improvements and to revise the scales of income and expenditure and the unreasonableness of their commencing a fast so precipitately on the issue of a Committee of Management on the lines envisaged by them, when there was no such committee operating in any other muzrai institution in the State. The Satyagrahis however, were not disposed to listen to such persuasion and continued their fast. The Amildar was camping at the spot and there was a Medical Officer in attendance and reports on the situation were being sent to Government. On the morning of the 20th, a deputation consisting of some members of the temple staff waited on the Hon'ble Minister for Muzrai and explained the nature of the demand and urged his intercession in the matter, as the condition of the Satyagrahis was somewhat deteriorating.

That very morning, the Hon'ble the Minister accompanied the Muzrai Commissioner and the Deputy Commissioner, Mandya, proceded to Melkote and saw the gentlemen who were on a fast. He explained to them and the other responsible persons present at Melkote that Government would be glad ready to examine the defects and to hear the grievances, if in regard to the administration of the affairs of the temple and that the proposals for the revision of scales of income and expenditure were being expedited by the local authorities. As regards the constitution of an autonomous Committee of Management, however, it was not possible in the nature of things, to give any decision on the spot and that its pros and cons had to be very carefully scrutinised by the Government. The Hon'ble Minister said that Government would consider urgently the question of appointing an *Ad Hoc* Committee consisting of independent persons of high standing and with intimate knowledge of temple affairs, with certain specific terms of reference, bearing on this subject. That Committee would examine the whole question in detail and formulate recommendations for the consideration and orders of Government. The Minister added that this was the only reasonable procedure in the circumstances and hoped that the two gentlemen who had gone on fast would be convinced of it by what he had said and break their fast. He also assured them of the Government's deepest interest in the continued prosperity of the temple.

The two gentlemen who had gone on fast for the past nearly five days felt convinced by the arguments and broke their fast by taking orange juice. The Hon'ble Minister offered worship at the temple and returned to Bangalore in the evening.

(*Health of Livestock—August* 1949)

Hæmorrhagic septicæmia, Anthrax, Contagious goat pleuro pneumonia, Foot and Mouth, Rabies, Ranikhet and Sheep-pox diseases were encountered in the State, while it remained conspicuously free from Rinderpest during this month. Altogether 397 villages were reported to have been affected by one or the other of the above contagious and infectious diseases, as against 453 villages during the previous month. The number of outbreaks was highest in Kolar, Bangalore and Shimoga Districts, while Hassan, Mandya and Chikmagalur Districts were least affected. These diseases accounted for 1,477 attacks of which 1,093 animals succumbed, as against 1,781 attacks and 1,213 deaths during the previous month.

The departmental staff undertook 38,683 Preventive Inoculations and Vaccinations against all the above diseases except Foot and Mouth disease, as against 56,168 Inoculations and Vaccinations during the previous month. In the absence of a reliable method of vaccinatory intervention other prophylactic measures were adopted against Foot and Mouth disease.

Disease conditions caused by internal parasites were reported from 173 villages resulting in 42 deaths, as against 153 villages affected with 39 deaths during the previous month. The special staff attached to the Parasitic Disease Control Units and Sheep Breeders' Associations of the Department dosed 9,136 animals as against 11,543 animals during the previous month.

The rest of the Livestock remained free from disease during the month and fodder and water were generally available throughout the State.

Press Note.

Dated (Camp Mysore) 26th September 1949.

It has come to the notice of Government that one Sri Narayana Sa of Harihar has undertaken a fast in connection with the location of the Bus-stand in Harihar Town. Telegrams and letters have been received, both supporting and

opposing the stand taken by Sri Narayana Sa. The previous lay-out plan, which was prepared about eight years back by the then Government Architect, has been modified by the present Government Architect, after spot inspection and the new lay-out plan has been prepared by him. The Government Architect opines that under the existing conditions the spot under dispute is not suited for the location of the bus-stand and the one selected by the Municipality near the Railway Station is best suited for the purpose. The resolution of the Municipality, which has been supported by the Health Officer, the Deputy Commissioner and the Government Architect, was taken into consideration while deciding the case; after spot inspection and after hearing the counsel for the petitioner, the present decison was arrived at. Government are convinced that the stand taken by Sri Narayana Sa in resorting to fasting is not justifiable and that the Government have decided the case in the best interests of the general public and the Municipality.

Clandestine manufacture of fireworks.

Instances have come to the notice of the Department of Mines and Explosives in Mysore, where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses, clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the Local Police Authorities. The object of bringing this to the notice of the general public is in view of the approaching Deepavali festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas" throwdowns or small bombs consisting of a mixture of potassium chlorate and arsenic or antimony sulphide or sulphur have come to notice. These accidents have resulted in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property. The mixture constitutes a highly dangerous explosive to friction, force (blows) and even liable to ignite spontaneously. As this firework composition is mostly used during Deepavali and Shaban festivals, the department has also issued timely warning by a notification in the official *Gazette*, to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be rendering themselves liable for punishment under the Law.

Press Note.

Dated 4th October 1949.

A few statements have appeared in the Press regarding the retrenchment that is proposed to be effected in the Police Department. Government have been considering the need for effecting economies in all Departments with a view to reducing expenditure, which has grown abnormally during the last few years. They had also appointed an Economy Officer in accordance with the opinion expressed by the members of the Legislature. The report of the Economy Officer is under the careful scrutiny of the Government. The method of effecting economies in the Police Department has been considered by the Government in consultation with the Departmental Retrenchment Committee appointed for the purpose. The intention was to review the present strength and disposition of the police force and to rationalise the same, with reference to the needs of the country and to correlate it, with the general financial position of the State. There was no intention either to arbitrarily reduce the force without taking into consideration any of the consequences that may follow, or to throw suddenly a number of police constables and officers out of employment. The matter is still under consideration and no final decisions have been taken. Any decision to reduce the force will be such that no person is thrown out of employment immediately. Reductions in strength, if effected, will be gradual, and will not adversely affect either the members of the police force, or the larger interests of maintaining the security of the country.
